Future Host Family

LETTER TO MY FUTURE HOST FAMILY

Hello! My name is Nambinintsoa, but you can call me Babi. I'm 24 years old and from Madagascar. I'm currently an au pair in Belgium, where I take care of two wonderful children aged 5 and 8.

I'm a calm, caring and reliable person, but I also enjoy being active and discovering new things. I'm interested in languages, different cultures, travelling and technology. Living abroad has been a great experience for me, and I would love to continue this journey with a new host family.

My current au pair experience has taught me a lot about childcare and family life. I help with the children's daily routines, prepare meals, keep things tidy, and help with school drop-offs and pick-ups. I really enjoy spending time with the children after school, whether it's playing together, going outside, or simply talking about their day. I'm patient and attentive, while also giving children space to be themselves.

Before becoming an au pair, I also gained experience in a school environment through an internship. I have basic first-aid training and I'm comfortable with everyday household tasks. I can also drive, which I know can be helpful for a family with children.

I speak French and English, and I'm currently learning German. I enjoy learning languages and discovering different cultures, and I would be happy to share my Malagasy culture, food and traditions with my host family too.

For my next au pair experience, I'm looking for a friendly and open-minded family where we can communicate easily and build a good relationship based on trust and respect. I'm happy to learn your routines and adapt to your family's way of life.

If you think we could be a good match, I'd be happy to get to know you and your children through messages or a video call. I'd love to hearmore about your family and everyday life.

Best wishes,

Babi
